Woodard

The fruit of this collaboration by renowned Woodard artisans and acclaimed designer and author, Alexa Hampton, is a series of outdoor collections designed to be at home anywhere: as at ease on a Central Park terrace as they are overlooking the lapping waves of a beach house, or nestled into a parterre garden in the South of France.

Since Alexa Hampton took the reins of Mark Hampton, her father's iconic firm, as owner and president in 1998, she has advanced its legacy of elegant, practical, classically based interiors for modern living – and extended its global reach. From New York City to Hangzhou, China, her project portfolio encompasses luxe, beautifully layered urban apartments, expansive town and country residences, private airplanes, and yachts. Regularly named to Architectural Digest's AD100 and House Beautiful's Top Designer list as well as Elle Décor's A-List, Hampton translates the classical principles of good design and decoration into some of today's most elegant, enduring, and functional domestic landscapes.

PERFECTING OUTDOOR LIVING FOR OVER A CENTURY

For over 150 years, Woodard iron and aluminum products have been handcrafted and assembled right here in the USA. The pride, the labor and the number of hands that touch each piece are rarely ever seen by the outside. From raw steel shipments to forming, welding, sanding, painting, fabrics, finishing, quality control and shipping, the men and women of Woodard's factory floor handcraft each piece of iron and aluminum furniture. And they do it with the attention to detail and the rugged durability that our customers have come to expect. We did it that way then, and we do it that way now.

ELEVATION

ALUMINUM

We may have perfected the "perfect outdoor chair". Inspired by the classic Adirondack chair and reinterpreted by Site Li, we've adopted the strong angles and unmatched relaxability, added a superior cushion and created an attachable tray for a drink or book. Embrace the slanted design, recline back and let your troubles melt away.

ET CETERA

WOVEN, IRON, AND ALUMINUM

PARC ALUMINUM

Until you actually feel the beautiful seat of the Parc chair and rocker or the tops of the exquisite tables, you would swear they were natural cane. Finely crafted in aluminum and available in a wide array of finishes, the Parc Collection will have you relaxing for hours.

REED

IRON

Inspired by tall, thin, yet resilient reeds found in nature, Reed, is a 4 piece lounge collection that goes to extremes - extremely strong yet extremely comfortable. This collection is designed by Site Li and fabricated in the USA and looks just as good inside as it does outdoors. We think it looks great in textured black, however Reed is available in 18 additional finishes and over 140 curated fabrics.

REUNION
WOVEN

Use your imagination and configure this beautiful collection in any way you want. Designed with family and friends in mind as they gather around the reticulated seating and a lack of cushions keep everything organized after everyone leaves.

This collection is available in Calico weave and ships from Texas.

Coverage terminates if you sell or otherwise transfer the furniture or have unauthorized repairs or alterations done to the furniture during the warranty period. Products approved for use in commercial applications will be covered under the current Hospitality Warranty Period of five (5) years for Aluminum and Iron and three (3) years for Woven from the date of delivery.

FINISH

This limited finish warranty lasts for a period of seven (7) years from the date of delivery of the furniture to you ("Warranty Period"). Coverage terminates if you sell or otherwise transfer the furniture or have unauthorized repairs or alterations done to the furniture during the warranty period. Products approved for use in commercial applications will be covered under the current Hospitality Warranty Period of five (5) years from the date of delivery.

CUSHION

This limited cushion warranty lasts for a period of one (1) year from the date of delivery of the furniture to you ("Warranty Period").
