

FIREMAGIC[®]
Premium Outdoor Grills

CRAFTED WITH PRIDE  IN THE USA

FIRE MAGIC® BRINGS OUT THE BEST IN YOUR GRILLING

Family owned and crafted in America, Fire Magic® is the name trusted by true grilling enthusiasts for over 80 years. With an extensive product line, versatile cooking options, enhanced durability and superior design innovations, Fire Magic® is the finest performing grill on the market and a shining centerpiece for a lifetime of special moments shared with family and friends.

BUILT WITH PASSION. OWNED WITH PRIDE.

Fire Magic® grills are made by people who demand the best, for people who demand the best. Every Fire Magic® grill is manufactured in our Southern California production facility and held to the strictest quality standards and the highest performance metrics. Using state-of-the-art technology, guided by the watchful eye and careful hand of master craftsmen, and backed by the industry's best warranty, our grills are an investment to be enjoyed for years to come.

BEAUTIFULLY DESIGNED. BULLET PROOF TOUGH.

Constructed of the finest quality, heavy-gauge 304 stainless steel with unsurpassed attention to the most precise detail in design and construction, Fire Magic® grills are the most elegant and durable barbecue grills available. They are engineered to perform at the highest temperature for the longest time of any outdoor barbecue grill. Our exclusive advanced heat distribution system, searing options, smoking capability, rotisserie, and charcoal grilling features allow you to grill any meal imaginable with ease and exceptional results. Fire Magic will keep you grilling and the neighbors talking for years to come.

Diamond Sear Cooking Grids *

- Promote more optimal heat transfer to food. Their shape with angled sides improves the flow of heat to the cooking surface.
- Easier to cook on as foods stick less to the cooking surface than round cooking grids.
- Have more contact surface than round grids. This provides more points of contact that help to sear your meat better and faster.
- More efficient heat transfer and quicker cooking result in less use of gas.

* U.S. Patent No.: D857,453 & D862,984

Advanced Heat Distribution System

Flavor Grids

- Heavy gauge stainless steel flavor grids minimize flare ups, provide quick and even heat distribution, and flavor food by vaporizing juices.
- Designed to provide distributed heat to the cooking grids; they don't retain or block heat from rising.
- Easy to clean and maintain.
- Simple to remove when rotisserie cooking (for largest rotisserie area).

Largest Cooking Area

Fire Magic® grills provide more cooking area than other grills and more BTU's per square inch of cooking surface.

Cast Stainless Steel "E" Burners

- 1/4" thick cast stainless steel burners weighing up to 12 lbs. each.
- Precision porting - cast to be evenly spaced on each burner.
- An internal baffling system and carry over slots designed for ease of lighting, and balancing flame and heat; to provide well distributed heat, on high or low in each burner.

ECHELON

DIAMOND SERIES

When only the best will do, our flagship Fire Magic® Echelon Diamond combines the ultimate in performance, beauty and innovation. With sleek lines highlighted by a modern black glass control panel, choose analog or digital touchscreen operation with blue tooth remote capability. Cast stainless steel burners power an innovative heat distribution system topped with patented Diamond Sear cooking grids to truly elevate the outdoor cooking experience. The Echelon Diamond defines luxury in grilling.

Premium Flush

Doors & Drawers (5 Series)

Featuring heavy-duty handles with polished mounts, these 304 stainless steel doors and drawers are designed to close flush with the frame using a strong magnetic latch. Flush Mounted Doors and Drawers are filled with polyurethane foam for insulation and a solid feel. A continuous rain guard protects from water getting into your custom enclosure. In addition, most 5-Series doors and drawers now have a soft-close feature for smooth transition while opening and closing. Available in a variety of door and drawer configurations and sizes. With so many options, there is a combination available to meet any outdoor kitchen storage need. Pantry sealed and gasketed Door/Drawer combos feature self-closing, magnetic seal drawers.
